Some advice about choices....

Give yourself the best chances for the future, pick a balance

Don't pick subjects because of a teacher

Don't pick subjects because your friends are doing them

Don't make all of your decisions tonight, you have time!

Pick subjects you **ENJOY**

Pick subjects you are **GOOD** at

Pick subjects which play to your **STRENGTHS**

Pick subjects which **DEVELOP** particular skills

**What does Year
10 and 11 look
like?**

What types of courses could you choose?

GCSEs – Linear courses

- **Exams at the end of 2 years**
- **Knowledge and skills developed over the 2 years**
- **Memory and retention**

Vocational Courses

- **Coursework**
- **Exams – vary depending on the course**
- **Ongoing assessment**

Grading system

Compulsory subjects with exams

- **English Literature (in Year 10)**
- **English Language (in Year 11)**
- **Maths**
- **Science BTEC Level 1**
- **Hospitality and Catering**

Compulsory subjects with no exams

- **PE**
- **i-Future**

Then **3 more** from...

- Art & Design – Fine Art*

PETS' CORNER AS AN OPTION!

About Pets' Corner
Courses offered
What you will learn
Qualifications and progression

About Pets' Corner

Many of you will have already visited Pets' Corner over the years, now you have a chance to get more involved with the animals by choosing Pets' Corner as an option.

The farm has been an important part of Harlow since 1966, housing a mix of domesticated and exotic animals for public to come and see.

Working alongside Writtle college, we now offer level 1 Landbased and workbased City & Guilds qualifications giving students a basic knowledge of animal welfare and animal husbandry.

LEVEL 1 WORKBASED ANIMAL CARE

This is a very basic course in how to look after and care for the animals at Pets' Corner.

The course is very hands on and mainly practical based with practical assessments as well as questions and answers.

LEVEL 1 LANDBASED STUDIES.

This is a similar qualification to the Workbased Animal care but focuses a little more on theory and written assessments.

Students will work closely with the animals but create written work to back up their knowledge.

As a student, you will get a chance to work closely with the animals, learning how to handle them and how to look after their needs. We use theory and worksheets to evidence knowledge for assessment.

The courses are usually run over 2 years offering 3 levels of attainment,

Award, Certificate and Diploma.

As a student, you would be assessed to ensure you are entered at the correct level for you to be able to achieve the qualification, also allowing for progression the following year.
