

16th April 2024

Dear Year 11 Parents and Carers,

Re: Study Club Timetable

The final days of science at Passmores are coming quickly. In order to give our students a final push for success, we have decided to change how we will be addressing science lessons for sets one to four. The students will have a rota of teachers following the schedule below. This will allow for students to have bespoke lessons taught and created by specialists of biology, chemistry, and physics. We have chosen topics that have been noted as areas of concern based on the recent mocks. There will also be a few class changes that will take place within these four sets. This is to ensure that students are placed in the lesson that is appropriate for the level of exam they have been entered to sit. Please feel free to contact a.wilhite@passmoresacademy.com with any concerns regarding the class moves.

In order to support your young person, there are several things you can do at home.

- Have them log into Kayscience.com and watch videos and complete revision quizzes.
- Have them teach you about the topics they are currently revising in class.
- Encourage them to make mind maps or flashcards about each topic. We can supply flashcards if necessary.
- Encourage them to attend the period 5 revision sessions. These happen every Thursday in L005. Please see the study club timetable and topics below.

Study Club Timetable

Date	Teacher	Topic
18/04	RGM/ AWE	Paper 1 practicals / Menstrual cycle respiration and circulatory
25/04	MBD	Resistors, electrical circuits, and magnetic fields
02/05	TME	Efficiency and work done including kelvin
09/05	SGR	Gas tests
16/05	RFZ/RGM	Balancing Symbols/Biology Paper 2 practicals

Yours sincerely

Miss A Wilhite
Head of science, Passmores Academy.

Week 1 New Timetable

Day	Date	11S1	11S2	11S3	11S4
TUES p3	16/04	DSE- CALCULATIONS IN CHEMISTRY	RFZ CB9	THR ELECTROLYSIS	MBD MATHS IN PHYSICS
WED P1	17/04	MBD MATHS IN PHYSICS	DSE CALCULATIONS IN CHEM	RFZ CB9	THR ELECTROLYSIS
THURS P3	18/04	AWE CB6	DSE COPPER SULFATE	CMY CB9	RFZ CB9

WEEK 2 New Timetable

Day	Date	11S1	11S2	11S3	11S4
MON P3	22/04	RFZ CB8	AWE CB6	DSE CALCULATIONS IN CHEM	CMY CB7
TUES P3	23/04	THR ELECTROLYSIS	MBD MATHS IN PHYSICS	DSE COPPER SULFATE	RFZ CB8
THURS P3	24/04	CMY CB7	RFZ CB8	AWE CB6	DSE CALCULATIONS IN CHEM

WEEK 1

Day	Date	11S1	11S2	11S3	11S4
MON P1	29/04	DSE COPPER SULFATE	CMY CB7	RFZ CB8	AWE CB6
TUES P3	30/04	RFZ CIRCUITS	THR ELECTROLYSIS	MBD CONVERTING UNITS	DSE COPPER SULFATE
