

19th April 2024

Dear parent/carers

Re: Options selection

This is a polite reminder that the deadline for choosing options is next Friday, the 26th April. Thank you to all those who have made choices already.

We are conscious that there have been some technical issue with the SIMS app, meaning that some students are unable to log on. Added to this, we don't allow students to use phone in school and so accessing support has been difficult.

To address this, for those who have not made options choices yet, we will be supporting them next week and distributing paper copies to fill out during tutor time. Someone from the data team will be visiting all tutor groups each day next week and collecting the forms in.

If you have any questions, please don't hesitate to get in touch
